

Prom 2018 Information

Prom will be held on Friday, May 11, 2018 at Museum of Science and Industry. In years past, prom has either been on a Saturday or a Friday when the students are not in attendance. Due to this change, we do have some new expectations for prom goers.

All students attending prom are expected to be in attendance on the day of prom, Friday, May 11, 2018. Students will report to 1st period, per usual. At the start of 2nd period, all students attending prom and all seniors will be dismissed to the auditorium for a guest speaker that will last approximately 75 minutes.

At the conclusion of the speaker, students going to prom will be dismissed to the café and other students will return to class. At this time, students will receive their “entrance” ticket to prom. This is the ticket that will admit them into the dance. It is crucial that students attend school on Friday, May 11th, in order to receive this “entrance” ticket. Without the “entrance” ticket, students will not be allowed entrance to prom.

Once students have their ticket and have been dismissed by administration, students may leave and will be excused for the day. We will follow up with more information on the check-out process as prom approaches. This will take place roughly around 10:00 am. Once dismissed, if any students would like to continue with the school day they may return to class.
